Our services: N-HANCE supported transition project

For young adult carers (16-24 years)

Our supported transition programme 'N-HANCE' was launched in April 2015 to help young adult carers through the often difficult transition from school to whatever comes next.

We know that young carers are twice as likely as their peers to struggle to make this transition and find training or employment, or progress on the further education or to gain qualifications. The new project will offer young adult carers:

- ✚ Individual support throughout their transition
- ✚ Advocacy with schools, colleges, employers and apprenticeship schemes
- ✚ Supported access to work, apprenticeships, volunteering or further education, through the development of a series of partnerships
- ✚ The opportunity to develop a personal action plan with clear personal goals and targets
- ✚ Mentorship provided through the Lloyds Banking group if desired
- ✚ A comprehensive programme of training to provide a range of life skills from money management to CV writing, household budgeting to self confidence
- ✚ The development of a learning contract to ensure young people have access to the skills they need to progress
- ✚ A social programme with trips, activities and residential visits
